

25X1

April 20, 1966

Senator Stuart Symington
United States Senate
Washington, D. C.

Dear Senator Symington:

I have been remiss in not writing before now to thank you for the kind remarks about my article on the Viet Cong which you made in the Senate during the course of having that article inserted in the Congressional Record. Your action and, particularly, your comments were more than generous but greatly appreciated.

Along with his many other friends, I was delighted with Jim's recent appointment. I know he (and Sylvia) will discharge the complex responsibilities of this important post with easy grace, a light touch, and in a manner greatly beneficial to our national interest.

Again, my thanks for your comments on the article. As a small token of appreciation I am enclosing a reprint for your library or personal files.

Sincerely yours,

George A. Carver, Jr.
